

Ritani

FIND THE PERFECT RING SIZE

HOW TO USE THIS GUIDE

With this guide, you can measure the size of one of the rings your partner wears often. Make sure to choose a ring that they wear on their ring finger (the finger next to the pinky). For the most accurate size, select a ring that they wear on their left ring finger.

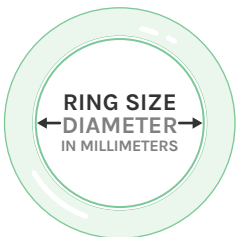

Lay their ring over one of the green circles that is close to the size of their ring. Find the green circle that fills the entire inner circle of their ring. For accuracy, no part of the green circle should be visible outside of the ring when viewed from above. If the ring seems to fall between two sizes, order the larger ring size.

To get an accurate size guide, be sure to print in US Letter size and scaled at 100%.
Use the line below for reference against a standard sized credit card.
